The Green Cab (Pty) Ltd.  
Studio11, Harbour View Studios  
136 Main Road  
Kalk Bay, 7975  
South Africa

Colony, Friday 24 May 2013

Dear Amiene,

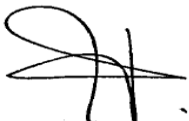

We would like to extend our gratitude to your team for your invaluable contribution to the smooth running of the event operations in Cape Town 8-10 May 2013, for both the staff and the participants for World Economic Forum on Africa.

The feedback that we are receiving from both our participants and the staff is really positive; they were particularly impressed with the transportation arrangements in light of all the challenges we faced with the changing traffic conditions in the city and around the CTICC.

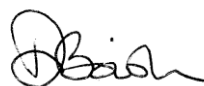

We were delighted to have selected The Green Cab together with Illios as official transport provider for the World Economic Forum on Africa and in particular your excellent management skills to ensure your fleet of vehicles were where they were needed to be and on time! We were very glad to have had your team supervisors, dispatchers and drivers in place at all hours to provide the best possible service. Please thank all those involved who helped make the transportation such a success.

Yours sincerely,

**World Economic Forum**
