THE GREEN DRIVE

Getting to the Point does not have to cost the Earth!

Let Cape Town's first tourism transport service with eco-credentials help you travel responsibly in a carbon-constricted world. The Green Bus is the latest eco-innovation offering from the award-winning GreenCab team (**). The Green Bus operates on a B50 blend of BioDiesel (used cooking oil!) and offers daily transfers via the scenic Atlantic Ocean Coast to Cape Point Nature Reserve. A must-do for every adventurous and sustainable traveller.

THE GREEN RAIL & RIDE

Few cities in the world can boast offering tourists an option whereby they travel by rail along a spectacular coastline where they can spot whales from their carriage windows! Travellers can now buy their "Tourist Pass" at the Tourism Information Centre at the Station and travel by rail to Simonstown Station at the end of Metrorail's "Southern Line Tourism Route". By far the most affordable way to get to the Point.
